OUR TENTS

Nayara Tented Camp was built on stilts to maximize the stunning vistas and leave a minimal footprint. The experience is secluded and romantic for couples, or fun and educational for the whole family. Inspired in the African safaris but conceived in the tropical Costa Rican rainforest, the tents are a mix of sustainable luxury with a “Pura Vida” vibe. If a soothing soak is a staple in your self-care routine, prepare to swoon over the tub; or if an outdoor shower with the stars is your thing, you will have a lifetime experience. A great place to reset and recharge, far from civilization and close to nature, and with great sleep helped by the calming sounds of the rainforest.
